11. Provide Consumers with Free Notifications for Voice, Data and Messaging Usage, and International Roaming – Because the Company's service is prepaid, customers are not able to incur overage charges. However, the Company provides, at no charge, (a) a notification to consumers of domestic wireless plans that include limited data allowances when consumers approach their allowance for data usage; (b) a notification to consumers of domestic voice and messaging plans that include limited voice and messaging allowances when consumers approach their allowance for those services; and (c) a notification to consumers without an international roaming plan/package whose devices have registered abroad and who may incur charges for international usage. The Company also clearly and conspicuously discloses tools or services that enable consumers to track, monitor and/or set limits on voice, messaging and data usage.

12. Abide by the following principles regarding the ability of customers, former customers, and individual owners of eligible devices to unlock phones and tablets, ("mobile wireless devices") that are locked by or at the direction of the carrier –

- (1) Disclosure. The Company has posted on its website its clear, concise, and readily accessible policy on postpaid and/or prepaid mobile wireless device unlocking.
- (2) Postpaid Unlocking Policy. Not Applicable.
- (3) Prepaid Unlocking Policy. Upon request, the Company will unlock prepaid mobile wireless devices no later than one year after initial activation, consistent with reasonable time, payment or usage requirements.
- (4) Notice. The Company will clearly notify customers that their devices are eligible for unlocking at the time when their devices are eligible for unlocking or automatically unlock devices remotely when devices are eligible for unlocking, without additional fee. The Company reserves the right to charge non-customers/nonformer-customers with a reasonable fee for unlocking requests. Notice to prepaid customers may occur at point of sale, at the time of eligibility, or through a clear and concise statement of policy on the Company's website.
- (5) Response Time. Within two business days after receiving a request, the Company will unlock eligible mobile wireless devices or initiate a request to the OEM to unlock the eligible device, or provide an explanation of why the device does not qualify for unlocking, or why the carrier reasonably needs additional time to process the request.
- (6) Deployed Personnel Unlocking Policy. The Company will unlock mobile wireless devices for deployed military personnel who are customers in good standing upon provision of deployment papers.

The Company reserves the right to decline an unlock request if it has a reasonable basis to believe the request is fraudulent or the device is stolen.

Functionality in Emergency Situations

- As a reseller, the Company relies upon its underlying facilities-based carriers for functionality in emergency situations. The Company obtains from Sprint/Verizon/T-Mobile via agreements with Boomerang Wireless, LLC d/b/a Ready Mobile, Natel Networks, ZefCom, LLC d/b/a Telispire PCS, and Prepaid Wireless Group, the network infrastructure and wireless transmission facilities to allow the Company to operate as a Mobile Virtual Network Operator ("MVNO"). Through these agreements, the Company provides to its customers the same ability to remain functional in emergency situations as currently provided by Sprint, Verizon and T-Mobile to their own customers. As Tier I carriers, Sprint, Verizon and T-Mobile have redundancies, back-up generator power and an extensive disaster recovery program, as well as reasonable amounts of back-up power and the ability to reroute traffic around damaged facilities and manage traffic spikes resulting from emergency situations. As an MVNO of Sprint, Verizon and T-Mobile, these capabilities benefit Stand UP Wireless customers.
